Taking care of the essentials

# AP 25 - AP 28 PRO 32

A one-piece aluminum bottle designed for sensitive liquids such as glues, primers and adhesives. This tamper-evident range offers several cap and ring color options to facilitate product differentiation.

20 ml

38 ml

50 ml

63 ml

125 ml

160 ml

275 ml

1,1 L

## Closure

- Pilfer-proof screw cap, AP 25 and AP 28 standardized closures, with Alu/PE or PTFE liners.
- Internal neck diameter: 17 mm for AP 25, 19 mm for AP 28 and 22 mm for PRO 32 ;
- Child-resistant option available.

Several ring and cap colors are available.

## Uses

Used for the sale and packaging by specialty chemicals by manufacturers, perishable products (single-use dose).

Fine & speciality  
chemicals

## Certification

UN certified for the transport of hazardous liquids for AP 28 models, 38 ml and 63 ml.

# THE BENEFITS OF THE RANGE

## TIGHTNESS

- Closure suitable for moisture-sensitive products.
- Preserves the integrity of liquids containing volatile solvents, limiting evaporation losses and ensuring optimal preservation during storage and transport.

## COMPATIBILITY

- Its high chemical inertness ensures compatibility with a wide range of products, including adhesives and sensitive chemical products, thanks to the various internal coatings and finishes available.
- Compatibility testing prior to use is recommended.

## CLEANLINESS

- The one-piece aluminum manufacturing process, combined with intensive washing, ensures a very high level of chemical, microbiological and particulate cleanliness.
- The smooth, non-porous internal surface prevents any residue retention.

## REGULATORY

- AP28 models (38 ml and 63 ml) are UN certified for the transport of hazardous materials.
- A general certificate can be provided upon request for sensitive applications. Please contact our experts for more information.

## SAFETY

- The bottles are tamper-evident and can be fitted with a child-resistant option.
- Product types can be easily identified thanks to the color of the ring and cap

## SUSTAINABILITY

- This range is primarily made of aluminum, a 100% recyclable material, reducing the environmental footprint of both the packaging and your activity.

## OUR CUSTOMIZATION OPTIONS

### OPTIONS AND FINISHES

Bottles are available in plain aluminum with optional internal coating upon request.

### CUSTOMIZATION

Several marking options are available: pad printing on caps (logo or specific marking), external lacquering, and screen printing on the bottle body and cap. Caps and rings are available in various colors, enabling quick and easy product identification.

Contact our Tournaire experts to discuss and to develop your project.

## RANGE FROM 20 ML TO 1,1 L

	Capacity (cc)	Internal neck diameter (mm)	Weight (g)	Height (mm)	UN approval
AP 25	20	17	11	52	-
	63	17	22	97	-
AP 28	38	19	17	72	Liquid
	63	19	21	102	Liquid
	125	19	31	100	-
PRO 32	50	22	27	68	-
	125	22	35	112	-
	160	22	41	119	-
	275	22	48	143	-
	1100	22	105	242	-
