Taking care of the essentials

ATK 31

An all-aluminum bottle, 100% recyclable, designed for the packaging of liquid products, particularly for perfumery, cosmetics and food applications. This range features an aluminum screw cap, offering a sustainable packaging solution to your products.

315 ml

550 ml

Closure

- Aluminum screw cap with foam/PE liner;
- Internal neck diameter: 22 mm.

Uses

Suitable for filling, storage and finished liquid products.

Ideal as a refill bottle for eaux de toilette, aromatherapy care, spa products and edible oils, such as olive oil.

Perfumery

Beauty &
wellness

Food

Certification

100% recyclable.

THE BENEFITS OF THE RANGE

TIGHTNESS

- One-piece aluminum seamless body, providing an effective barrier to light, gases and UV.
- Mechanical resistance to pressure and temperature variations.
- Cap equipped with a PE foam liner, ensuring uniform compression and secure closure.

COMPATIBILITY

- Its high chemical inertness ensures compatibility with a wide range of products, including food products, thanks to the various internal coatings and finishes available.
- Compatibility testing prior to use is recommended.

CLEANLINESS

- The one-piece aluminum manufacturing process, combined with intensive washing, ensures a very high level of chemical, microbiological and particulate cleanliness.

REGULATORY

- Made from pure aluminum, available in plain aluminum or with internal coating, ensuring suitability for food contact depending on the product and applicable local regulations.

SAFETY

- Aluminum provides high mechanical resistance to deformation, perforation and compression.

SUSTAINABILITY

- Made entirely (body and cap) from pure aluminum.
- 100% recyclable, without loss of the material's mechanical properties.
- Part of an eco-design approach limiting the environmental impact.

OUR CUSTOMIZATION OPTIONS

OPTIONS AND FINISHES

The bottle is available in plain aluminum, with standard internal coating or BPA-NI coating, suitable for food contact.

CUSTOMIZATION

Customization is available through several marking options: pad printing on caps (logo or specific marking), external lacquering, and screen printing on the bottle body.

Contact our **Tournaire experts** to discuss and to develop your project.

RANGE FROM 315 ML TO 550 ML

Capacity (cc)	Internal neck diameter (mm)	Weight (g)	Height (mm)	Bottle diameter (mm)	Recommended tightening torque (N m)
315	22	43	153	59	2 to 4
550	22	72	185	74	2 to 4

Characteristics are given for information purposes only - total height and weight include closures.
