Taking care of the essentials

## GCM I 18-400

One-piece aluminum bottle, designed for perfumery applications.

Ideal for the protection of liquid alcohol-based fragrance solutions and compatible with GCM I 18-400 spray pumps thanks to its standard threaded ring.

15 ml

30 ml

60 ml

120 ml

### Closure

- The neck is fitted with a standard GCM I 18 (Glass Container Manufacturers Institute) crimped polyamide (nylon) ring;
- Internal neck diameter: 11 mm;
- The standard GCM I 18-400 neck is compatible with standard spray pumps (with optional overcap).

### Uses

Suitable for the packaging and dispensing of alcohol-based fragrance solutions, ideal for finished products.

Perfumery

# THE BENEFITS OF THE RANGE

## TIGHTNESS

- The crimped threaded ring ensures a perfect fit with compatible pumps.
- One-piece aluminum body, providing an effective barrier to light, gases and UV.
- Mechanical resistance to pressure and temperature variations.

## COMPATIBILITY

- Excellent compatibility with alcohol-based fragrance solutions.
- A high-resistance internal coating can be applied to ensure compatibility and stability depending on the product to be filled.
- Compatibility testing prior to use is recommended.

## CLEANLINESS

- The seamless monobloc aluminum manufacturing process, combined with intensive washing, ensures a very high level of cleanliness in terms of chemical, microbiological and particulate aspects.
- The smooth, non-porous internal surface prevents any retention of product residues.

## REGULATORY

- Available in aluminum with internal coating.
- A general certificate can be provided upon request for sensitive applications. Please contact our experts for more information.

## SAFETY

- Mechanical resistance to deformation, perforation and compression.

## SUSTAINABILITY

- This range is primarily made of aluminum, a 100% recyclable material, reducing the environmental footprint of both the packaging solution and your activity.

## OUR CUSTOMIZATION OPTIONS

### OPTIONS AND FINISHES

Available in aluminum with internal coating. The standard GCM1 18-400 thread allows the use of spray pumps (with optional caps), not supplied by Tournaire and commercially available.

### CUSTOMIZATION

Customization is available through several marking options: external lacquering and screen printing on the bottle body.

Contact our Tournaire experts to discuss and to develop your project.

## RANGE FROM 15 ML TO 120 ML

Capacity (cc)	Internal neck diameter (mm)	Body diameter (mm)	Height (mm)	Weight (g)
15	11	26	68	12
30	11	30	83	15
60	11	35	107	22
120	11	45	125	33

Characteristics are given for information purposes only - total height and weight include closures.
