

# O220

One-piece aluminum can, 100% recyclable, ideal for pharmaceutical (API), perfumery and chemical industries.

Designed for solid, paste-like, powder or viscous products requiring a high level of cleanliness and sterilization.

Its very large 220 mm opening ensures an easy handling.

2,5 L

6,25 L

12,5 L

25 L

30 L

## Closure

- Aluminum lid fitted with an O-ring wad (nitrile or silicone) to be positioned inside the lid;
- Internal neck diameter: 220 mm (extra-wide opening);
- Lid closed by a galvanized steel clamp ring.

## Uses

Suitable for packaging pharmaceutical powders and granules (APIs), perfumery concretes, excipients, food additives, resins and technical pastes.

Perfumery

Pharmaceutical

Food

## Certification

100% recyclable.

# THE BENEFITS OF THE RANGE

## TIGHTNESS

- One-piece aluminum seamless body, providing an effective barrier to moisture, gas and UV.
- Mechanical tightness is reinforced by a wide sealing surface and a clamp ring.
- Ensures reliable protection against leakage and contamination.

## COMPATIBILITY

- Excellent chemical inertness, ensuring broad compatibility with a wide range of products.
- Resistant to both high and low temperatures and can be sterilized depending on the selected wad type.

## CLEANLINESS

- Intensive washing ensures a high level of cleanliness in terms of chemical, microbiological and particulate aspects.
- The smooth, non-porous internal surface prevents any retention of residues.
- The product can be anodized and sterilized using standard methods.

## REGULATORY

- The plain aluminum finish ensures compatibility with food contact and pharmaceutical products, depending on the product and applicable local regulations.

## SAFETY

- The closure is secured by a clamp ring and can be supplemented with a tamper-evident seal to ensure the contents remain intact until use.
- High resistance to impact, deformation and perforation.

## SUSTAINABILITY

- 100% recyclable, without loss of the material's mechanical properties.
- Eco-design approach reducing the environmental impact of your activity.

## OUR CUSTOMIZATION OPTIONS

### OPTIONS AND FINISHES

The range is available in plain aluminum. Other finishes, such as anodization, can be considered following a feasibility study. The closure can be complemented with a tamper-evident seal.

### CUSTOMIZATION

This range does not offers customization options such as lacquering or screen printing. However, specific requests can be reviewed.

Contact our **Tournaire experts** to develop your project.

## RANGE FROM 2,5 L TO 30 L

Capacity (cc)	Body diameter and internal neck diameter (mm)	Weight (g)	Height (mm)	Quantity per carton and pallet
2500* <small>*Special order</small>	220	446	100	35 - 140
6250	220	600	201	21 - 90
12500	220	840	350	8 - 90
25000	300	1490	411	2 - 44
30000	300	1710	481	2 - 44

Characteristics are given for information purposes only - total height and weight include closures.
